15) The total value of the two bills from Messrs. Forster & Co. amounts to Rs. 1,212-13-0. Out of this, the value of the articles supplied to the Assistant Surgeon, Head Quarters Establishment, amounts only to Rs. 185-4-0. The largeness of the former figure is due to heavy purchases of lint, cotton wool and certain drugs of which no supply was indented for by the Assistant Surgeon, Head Quarters Establishment.

16) 2. The two points raised by the Comptroller with regard to these bills are:-

(a) Whether the Superintendent's failure to call for tenders before making purchases should be condoned, and

(b) Whether there is any authority for the Dewan being supplied with medicines free of cost.

In regard to the second point, it has already been pointed out that the medicines indented for, were for the use of the dispensary attached to the Head Quarters Establishment. Thus the only point to be decided is whether the reason adduced by the Superintendent for departing from the prescribed procedure in such cases should be accepted. The Superintendent says that most of the drugs purchased were for the use of the Dewan Saheb and that a few articles required urgently by some of the medical institutions have also been purchased as they were required urgently by those institutions. This explanation suggests that the bulk of the expenditure was on account of the Head Quarters Establishment. The value of the articles purchased for the Head Quarters Establishment amounts only to one-seventh

the total figure. The Superintendent, when questioned, points out that his statement is strictly correct. He points out that of the 37 items included in the bills, 22 were for meeting the -- ents of the Assistant Surgeon, Head Quarters Establishment. Bill includes drugs and appliances and most of the drugs which included patent medicines were for the Head Quarters Establishment. The other items which were purchased on account of other Medical institutions consisted mainly of appliances. Thus it is urged that the statement of the Superintendent that most of drugs were purchased for the use of the Dewan Saheb is technically correct. The Superintendent adds that the reason why mentioned the articles to be for the Dewan's use was due to the fact that in some of the indents sent up by the Assistant ...ian, the supply was stated to be required for that purpose

... The explanation offered by the Superintendent although ...sible does not appear to be acceptable. Why he mentioned in letter to the Comptroller that most of the articles were ...red for the Dewan's use was obviously to secure the audit ...e bills without objection. No reason was required to be ... for any other purpose. So far as the Comptroller is con... it is the value of the articles purchased and not the num... articles purchased. The procedure varies according as the ...ses exceed or fall short of Rs. 250. The explanation is ...st of the articles were required for the Dewan Saheb's ... meant to convey and in fact did convey to the Comptroller ... bulk of the expenditure was on account of the Head --

Head Quarters Establishment. This was of course very improper The value of the purchases made for supplying the indents of the Head Quarters Dispensary is only Rs. 185 for a period of five months and this amount was well within the powers of the Superintendent. There was therefore no need to mention these purchases to justify purchases for meeting other demands.

18) 4. The question remains whether these bills should be --- passed. It is difficult to offer any remarks on this point --- as the institutions for which such large purchases were made --- have not been mentioned and the urgency for such large purchases in violation of the Standing Orders has not been made clear. On this matter it will be necessary to obtain full information from the Superintendent regarding the institutions that sent up the indents and the urgency for such purchases. This should now be done and the Superintendent should be told that his official xxxxxxxxxxxxxxxxxxxx report to the Comptroller was incorrect and misleading, and his explanation not acceptable. The other irregularities brought to notice should also be dealt with. I consider that he should be transferred from the Stores and -- action should be taken accordingly.

Letter No. C 76-2 dated the 31st August 1923 from the Senior Surgeon in enquiry recommending the transfer of Asst. S.S. David as Physician to the Victoria Hospital, Bangalore Asst. S. Narayana Rao as Surgeon, Medical Stores, Asst. C. Rajagopal Mudaliar as A.M.O. Shimoga, and Asst. R. Krishnamurthi Rao to the Kolar Gold Fields as the latter.

2. Asst. Asirvatham was posted for duty to the Victoria Hospital in ~~Bangalore~~ Govt Notification No 6 9/Med 23-17-17 dated the 27th May 1918 on the recommendation of the then Senior Surgeon who in the last paragraph of his letter dated 28th/29th April 1918 stated that the functions

of the Officer in the Victoria Hospital, as does duty officer, would be communicated to the Head of the Institution which the nature of the duties entrusted to her necessitates were Govt are ignorant of

15 In the order dated 13th July 1918 reorganising the Medical Dept Govt allotted ~~two~~ one Medical officer & one Specialist of the Grade of Surgeon & one Resident Medical Officer, one Special ward Asst Surgeon one Medical ward Asst Surgeon & one female ward Lady Asst Surgeon to the Victoria Hospital.

16 At present the Victoria Hospital has one Medical officer of the Grade of Surgeon, (Mr S. Subba Rao), no Specialist one Asst Surgeon for the Clinical Laboratory (Mr S. Varadarajulu), one R. M. O, (Mr C. Narayana Rao) one Dentist (Mr Inchaiah) new appointment, S. [redacted]

one Asst Surgeon in Charge of the Medical wards (Mrs S. Narasimha Murti), one Asst Surgeon in Charge of the Surgical wards (Mrs B. G. Sa Sivam) and one Asst Surgeon in Charge of the Nose, Ear & Throat Deptt (Mrs V. L. Padke) and one Asst Surgeon in charge of the Women Section (Mrs R. Isaac)

57 Thus it is seen that against a sanctioned strength of two Surgeons & 4 Asst Surgeons, the Victoria Hospital has now on its staff one Surgeon and seven Asst Surgeons (inclusive of the Dentist), besides two Medical Graduates, viz. Mrs A.V. Ramaswamy & Rayan

58 It is a point for orders if in addition to the officer of the Grade of a Surgeon III class may be attached to the Victoria Hospital in the person of Mrs David, as recommended. Mrs David is also the Medical officer of the Bangalore Central Jail

61 The D Asst's transfer from the Medical Stores is unlikely to be beneficial, as a supplement as he did not discharge his duties there satisfactorily. The proposal to transfer him as Surgeon of the Victoria Hospital, the premier institution in the State, would far from ~~encouraging~~ achieving such an end ~~would~~ be in the nature of a promotion. What I mean is that the post of Surgeon is more dignified than that of the Supdt of Medical Stores

SIR,

In forwarding herewith, a copy of D.O.letter No.TAD-B 1677, dated 1st June 1923, addressed to me by the Comptroller together with its enclosures, I have the honour to request early sanction of Government to the bills of Messrs. J. B. Forster & Co., for Rs.1,212-13-0 in all, for reasons explained below.-

The statement, since obtained from the Superintendent of the Medical Stores, shows clearly the drugs and other articles purchased each month for the Head Quarter Dispensary and for other institutions. As the same article, in some instances, has been purchased more than once, I have prepared another statement showing the total quantity of each article purchased during the period in question, the portion thereof supplied to the Head Quarter Dispensary on the requisitions of the Assistant Surgeon, Head Quarter Establishment, and the balance for supply to other medical institutions or for meeting further indents from the Head Quarter Establishment.

It will be seen from the statement that out of 37 items in all purchased by the Superintendent, 22 were for meeting the urgent requisitions from the Assistant Surgeon in charge of the Head Quarter Establishment, and their supply has

has been acknowledged in the letter No. 952 dated 28th May 1923 to the Comptroller from the Private Secretary to the Dewan. The majority of these items come under the class "Drugs" which term also includes patent medicines. The latter are not, as a rule, included in the annual indents of medical institutions nor are they - usually supplied to them. The enclosed copies of requisitions from the Head Quarter Assistant Surgeon go to show that these articles were urgently required in connection with the Dewan's tour. The other items, such as cotton, lint, etc., are known as "appliances." The terms "Drugs" "instruments" and "appliances" are too familiar to require any explanation of their distinctiveness. It will be clear from the above that the Superintendent was not entirely without justification when he said, in his letter No.3484 dated 2nd May 1923 to the Comptroller, that "most of the drugs were purchased for the use of the Dewan Saheb and indented for urgently by the Assistant Surgeon, Head Quarter Establishment," although, perhaps, he was not well advised in wording his letter to the Comptroller as he did. As it is, what the Superintendent meant to denote the number of items supplied, has been construed to denote the value of the supplies made. Again, for the purposes of the Superintendent of the Stores, it was sufficient that the supplies were made on indents (requisitions) from the Assistant Surgeon in charge of the Head Quarter Dispensary the particulars of the use to which they were put were not his concern.

Thus, the only mistake that could be laid at the door of the Superintendent is that he ought to have differentiated the bills relating to items supplied to the Head Quarter Dispensary from those relating to items - meant for supply to other medical institutions, and also he ought to have obtained separate bill for the articles supplied by the Firm on each separate order, which was

was actually placed in compliance with each separate requisition from the Head Quarter Dispensary or other institutions, and therefore formed a separate transaction by itself. The fact that the purchases made during one month were allowed to be clubbed together in one month's bill led to the amount exceeding the limit of Rs.250/- prescribed by the purchase rules Suitable instructions have been issued to the Superintendent in the matter, to avoid confusion and annoyance of any kind in future and have been acknowledged by him in the concluding portion of his explanation No. 3935 dated 7th June 1923, copy enclosed.

It has already been stated above that most of the items indented for are patent medicines not ordinarily demanded by hospitals and dispensaries and the annual requirements in respect of these items could not be estimated to admit of their being included in the annual indent of the Stores and as the requisitions were "urgent" or "immediate" they did not admit of the delay involved in following the tender system prescribed by the purchase rules. As regards the purchase of the cotton wool, Hospital lint, Carbolic acid, India Rubber tubing, etc., the reasons are the same as were explained in my letter No. C.1639-6 dated 19th May 1923, viz., that the consignments from Europe had not yet arrived and requisitions from institutions had to be complied with, in the meanwhile.

Under the circumstances, I request that special sanction of Government may kindly be accorded to the purchases made in the six bills of Messrs. J. B. Forster & Co., and submitted as two bills by the Superintendent, one for Rs.505-9-0 and another for Rs.70/-4-0, and the same returned at an early date to admit of their adjustment from the current year's grant.

I have the honour to be,
S i r,
Your most obedient servant,

Ag. Senior Surgeon.

Letter No. 3935 dated 7th June 1923 from the Superintendent, Government Medical Stores, Bangalore, to the Senior Surgeon in Mysore, Bangalore.

****

With reference to your D.O.No.15 dated 5th June 1923, I have the honour to state that from the enclosed statement it is clear that most of the durgs, that is 25 in number against 16 for other institutions, were purchased for complying with the requisitions sent from time to time by the Assistant Surgeon, Head Quarter Establishment. This is what was meant by the phrase "most of the drugs."

The Assistant Surgeon, Head Quarter Establishment while asking for drugs has generally stated that the articles were required "for the use of the Dewan Sahib" or "for the Dewan Sahib's tour" hence the wording used in my letter dated 2nd May 1923 to the Comptroller.

As the purchases were made bonafide to meet requisitions from officers in charge of recognised institutionsand as the bills had been countersigned by the Senior Surgeon in token of his approval, I forwarded them direct to the Comptroller with a view to have an early adjustment of the bills. I would have done well to submit them to your office for obtaining the special sanction of Government in the 1st instance, as the ~~circumstances that~~ purchases involved a deviation from the purchase rules, explaining the circumstances that necessitated such deviation. In conclusion, Sir, I thank you for your kind advise conveyed to me in your D.O.letter and will act up to your instructions in future.

Ag. Senior Surgeon.

Letter No.952 dated 28th May 1923 from the Private Secretary to Dewan of Mysore, to the Comptroller, Mysore Government.

With reference to your D.O.Letter No.359 dated the 12th instant to the Dewan, forwarding two bills amounting to Rs.1,212-13-0 from Messrs. W.B.Forster & Co.,Bangalore, on account of purchases made from them, from time to time, by the Superintendent, Medical Stores, I am desired to say that the greater part of the articles referred to in the bills were not purchased on requisitions sent up by the Assistant Surgeon in charge of the Head Quarter Establishment. I enclose herewith for your personal information a statement of articles supplied to the Asst:Surgeon from the Medical Stores and the value of the articles so supplied comes to Rs.185-4-0 only. A perusal of the bills will show that large purchases of cotton, wool, lint and drugs have been made and in regard to them I am to point out that no indents were sent for their supply by the Asst:Surgeon, nor were any supplies actually made excepting a very small quantity of Cin.A.M.Quin., and Sodi Salicylas valued at Rs.2-/-.

As regards the medicines which were actually supplied, I wish to point out that they were not solely intended for the Dewan's personal use, but were indented for use in the Head Quarter's Dispensary attached to the General & Revenue Secretariat and during the Dewan's tours. I am therefore to request that the administrative department should be addressed immediately to get the explanation of the Superintendent for the irregularity noticed and that the papers be submitted for orders of Government.

The enclosures to your letter under reply are herewith returned.

Sir,

In forwarding herewith 2 bills for Rs. 505-9-0 and Rs. 707-4-0 of Messrs.J.B. Forster & Co., Bangalore, on account of purchases made from them from time to time, I have the honour to state that most of the drugs purchased were for the use of Dewan Saheb and indented for urgently by the Assistant Surgeon of the Head Quarters Establishment; since these are not generally stocked in the Stores, they had to be purchased locally to avoid delay. A few articles required urgently by some Medical Institutions have also been purchased, as the annual supply expected from England did not reach the Stores in time; in anticipation of the annual supply to replenish the stock of the Stores such of the urgent articles that were quite indispensible have been purchased in a very small quantity now and then. I therefore request that you will be pleased to order the bills to be kindly passed atonce and payment arranged immediately as the firm is pressing for payment.

To

The Senior Surgeon in Mysore.

Sir,

With reference to your letter No.Cfl. 15 dated the 12th June 1923 forwarding for sanction two bills in favour of Messrs. J. B. Forster & Co., Bangalore, for Rs.1,212-13-0, on account of certain drugs, appliances, etc., supplied by the firm to the Government Medical Stores, I am directed to observe as follows:-

(1) The total value of the two bills from Messrs.Forster & Co., amounts to Rs.1,212-13-0. Out of this, the value of the articles supplied to the Assistant Surgeon, Head Quarters Establishment amounts only to Rs.185-4-0. The largeness of the former figure is due to heavy purchases of lint, cotton wool and certain drugs of which no supply was indented for by the Assistant Surgeon, Headquarters Establishment.

(2) The two points raised by the Comptroller with regard to these bills are:-

(a) Whether the Superintendent's failure to call for tenders before making purchases should be condoned, and

(b) whether there is any authority for the Dewan being supplied with medicines free of cost.

(3) In regard to the second point, it has already been pointed out that the medicines indented for, were for the use of the dispensary attached to the Head Quarters Establishment. Thus the only point to be decided is whether the reason adduced by the Superintendent for departing from the prescribed procedure in such cases should be accepted. The Superintendent says that most of the drugs purchased were for the use of the Dewan Saheb and that a few articles required urgently by some of the ~~xxx~~ medical institutions have also been purchased as they were required urgently by those institutions. This explanation suggests that the bulk of the expenditure was on account of the Head Quarters Establishment. The value of the articles purchased for the Head Quarters Establishment amounts only to one-seventh of the total figure. The Superintendent, when questioned, ~~points out~~ stated that his statement is strictly correct, ~~He points out that out of~~ was made as a result of the 37 items included in the bills, ~~22 were for meeting~~ were for making the indents of the Assistant Surgeon, Head Quarters Establishment. The Bill includes drugs and appliances and most of the drugs, which included patent medicines were for the Head Quarters Establishment. The other items which were purchased on account of other medical institutions consisted mainly of ~~x~~ appliances. Thus it is contended that the

statement of the Superintendent that most of the drugs were purchased for the use of the Dewan Saheb is technically correct. The Superintendent adds that the reason why he mentioned the articles to be for the Dewan's use was due to the fact that in some of the indents sent up by the Assistant Surgeon, the supply was stated to be required for that purpose.

3) The explanation offered by the Superintendent, although plausible, does not appear to be acceptable. Why he mentioned in his letter to the Comptroller that most of the articles were required for the Dewan's use was obviously to secure the audit of these bills without objection. No reason was required to be stated for any other purpose. So far as the Comptroller is concerned it is the value of the articles purchased and not the number of articles purchased. The procedure varies accordingly as the purchases exceed or fall short of Rs.250. The explanation that most of the articles were required for the Dewan Saheb's use was meant to convey and in fact did convey to the Comptroller that the bulk of the expenditure was on account of the Head Quarters Establishment. This was of course very improper. The value of the purchases made for supplying the indents of the Head Quarters Dispensary is only Rs.185 for a period of five months and this amount was well within the powers of the Superintendent. There was therefore no need to mention it

these purchases to justify purchases for meeting other demands.

(5) The question remains whether these bills should be passed. It is difficult to offer any remarks on this point as the institutions for which such large purchases were made have not been mentioned and ~~that~~ the urgency for such large purchases, in violation of the Standing Orders, has not been made clear. On this matter it will be necessary to obtain full information from the Superintendent regarding the institutions that sent up the indents and the urgency for such purchases. This should now be done and the Superintendent should be told that his official report to the Comptroller was incorrect and misleading, and his explanation not acceptable. The other irregularities brought to notice should also be dealt with. I consider that he should be transferred from the Stores and action should be taken accordingly.

2. The original enclosures received with your letter under reply are returned for reference and retransmition with reply.

Enclosure No. 12

Sir,

With reference to your memo No. 15-2 dated 23/24-7-1923 forwarding for repo[illegible] on the points raised therein, letter No. L.601/med.71-22-15 dated 20-7-1923, from the Secretary to Government, Revenue De[illegible] I have the honour to submit herewith a statement furnishing the particulars as why certain drugs and articles other tha[illegible] those that were supplied to Head Quarter[illegible] Establishment Hospital, were purchased from Messrs. J.B. Forster & Co., Bangalor[illegible] The explanation for every purchase made i[illegible] given in the statement, and in regard [illegible] purchase of Lint and Absorbent wool, I ha[illegible] to state that the Senior Surgeon and myse[illegible] wanted to stop speding much on the[illegible] dressings and ordered only 200 lbs [illegible] which was obtained in the supply from Messrs. Mayen & Phelps, London on 6-[illegible]92 [illegible]is supply [illegible] soon [illegible] and a[illegible] demands were coming fr[illegible] every Dispensa[illegible] [illegible]ich were till then getting liberal

liberal supply of these dressings, we decided to give each Dispensary only a pound of Lint and a pound of Cotton Wool; We stopped entirely supplying Boric Wool and Boric Lint and in this way we have really put a stop to what we considered on very good reasons a waste of money and material: to meet the demands from the Dispensaries, the Senior Surgeon ordered me to buy locally these dressings till we got our supply from Messrs. Arnold & Sons, the supplimentary indent for which (1000 lbs of Lint and 1500 lbs of Absorbent Wool) among other articles was sanctioned in Government Order No.L.6629-30.med.15-22-24 dated - 28-3-1923. The marginally noted figures show the average quantity of these dressings spent each year, before and after I took over charge, and the quantity spent after my taking over charge is decidedly less than previously and consequently about Rs 1150/- of savings.

D. O. No. 9.C.76-2 Dated Bangalore, the 6th September 1923

1315
6 SEP 23
LOCAL SELF GOVT.
BRANCH.

Dear Sir,

In reply to your D.O. letter No.L.1823-Med.71-22-20, dated 4th September 1923, I would state the following for the information of Government.

From a statement furnished by Mr.Narayana Rao himself in another connection, I find that the number of cases of Eye-work done by him during the past six months is 22, including major and minor ones. Whatever experience in eye-work Mr.Narayana Rao might have had was about 12 years ago, when he was attached to the old Eye-Infirmary. He never had any opportunity of working in the Minto Hospital under latest improved conditions. Most of his service since then has been in the Military Department for about 8 years, a period sufficient for him to have forgotten higher professional work, general or special. It was only after his posting to the Victoria Hospital that he had opportunities of seeing, and perhaps doing, general surgical work.

Mr.Rajagopala Mudaliar is an officer cut out for surgical work, having successfully done operations for hernia, cataract, etc., even when he was in charge of L. F. Dispensaries at Davangere, Nanjangud, Thirthahalli, with no better help than what could be expected of a Compounder and a Surgery Cooly, without ever complaining of "bad tools" as is generally the fashion now. Even without the opportunities which other luckier brother officers of his have had, he will, any day, beat many of his seniors in surgical work, general or special. I am therefore able to assure Government that the interests of the Shimoga Hospital and of the poor sick resorting thereto will in no way suffer by the posting of Mr.Rajagopala Mudaliar to Shimoga in place of Mr. S. Narayana Rao.

Inthis connection I would enclose copies of two complaints, one anonymous and the other pseudonymous, recently received by me against Mr.Narayana Rao, which speak for themselves

efore reporting to Government or taking any other action
ereon, it was my intention to make personal enquiries at
next visit to Shimoga where I had worked for a long time
d would, therefore, find no difficulty in getting at the
uth. In recommending Mr.Narayana Rao's transfer from the
ace before things took a more serious turn, I may say, I
d the officer's best interests also inview.

I may again assure Government that in this and
e other transfers suggested in my letter I have bestowed
e best consideration on the interests of the officers and
e institutions concerned, keeping in view at the same time,
e necessity of placing the Medical Stores always incharge
an officer of the surgeon's grade, according to Government
der, as the magnitude of the transactions of that institu-
ion does not justify the posting of an officer of ~~the~~ lower
ade.

Yours sincerely,

Ag.Senior Surgeon.

Assistant Secretary to Government,

Mr. Narayana Rao the District Medical Officer is void of moral principles. He does not treat patients well i.e., with patience. All the nurses of this hospital have become his dancing-girls (his kanchanees). He is wifeless. Every respectable woman fears to appear before him for medicine. He asks every poor patients bribe. He has brought to the ward of the Shimoga Hospital a young lady and a gentleman who is now a patient in the hospital for treatment. The abovesaid young lady is always taken as his bride who is a outcast, of Bhadravati. They are maintained by the expenses of the Government Hospital. Mr. Rama Rao Mir Miray who is a good doctor, friend of the poor patients is asked to sit in the ward without allowing him to earn his name in the public by his sympathetic treatment of the patients. Vengum Raju the writer who is a old clerk, is the helpmate of Mr.Narayana Rao, aids him in bringing all bad persons of less moral standard to the comp: of the Medical Officer. The writer is immediately to be transferr

Dear Sir,

Reference:- Correspondence ending with your D.O. letter No.G.C.76-4 dated the 6th September 1923 regarding the transfer of Mr. G. S. David from the Medical Stores:-

---

I am desired to intimate that Government cannot agree to the transfer of Mr. David to the Victoria Hospital, or of Mr. Narayana Rao from Shimoga. Both these -- officers seem to be under a cloud and their cases must be disposed of one way or the other. Government ordered -- Mr. David's immediate transfer from the Stores as he was not managing the institution efficiently and it is necessary that he should be sent to a moffusil station. I am therefore to request you to submit revised proposals in - the matter immediately for the approval of Government.

I am further to request you to make personal enquiries into the allegations, made in certain petitions, against Mr. S. Narayana Rao, which you have brought to -- the notice of Government and to submit a very early report -

report to Government in this matter also.

LOCAL SELF GOVT. BRANCH

To

med 71-22-22

The Secretary to the Goverment of His Highness
the Maharaja of Mysore, Local & Legislative Deptts,
B a n g a l o r e.

Sir,

With reference to G. O. No.3949-50-Med.71-22-21, dated 24th November 1923, sanctioning the payment of half the amount of the bills of Messrs. J.B.Forster & Co, I have the honor to state that Dr. Collins who now holds the management of the concern saw me a few days ago and after I convinced him of the fact that the rates charged by his firm for certain articles were abnormally high, he has agreed to allow a rebate of 10 % off the total sum due to the firm.

In view of the fact that the supplies made by the firm were to the order of an officer of Government and made bona fide, it would seem legally entitled to full payment of the bills even though the rates fluctuated or exceeded those charged by other firms, as there was no binding on the firm to stick to a particular standard of rates, and the loss to Government, if any, on account of these transactions ought to be for settlement between the Government and the Superintendent.

Under the circumstances I request that the order may kindly be reconsidered and sanction accorded to the payment of the pending bills subject to the rebate of 10 % now agreed to as per copy of Dr. Collins's letter dated 9th instant, a copy of which is herein enclosed. I have the honor to be,

Sir,
Your most obedient servant,

Senior Surgeon. P T O

Letter dated 9th January 1924, from Dr.N.G.Collins, of Messrs. J.B.Forster & Co, to the Senior Surgeon.

"Dear Sir,

"With reference to our conversation of yesterday regarding our outstanding bills with the Government of Mysore, we have duly considered the matter and are quite willing to allow 10 % off the total sum due to us. As the account has been outstanding for nearly a year. we shall feel greatly obliged if you will be good enough to have the matter settled at an early date.

Yours faithfully,
